Fuhwa Highlights

- Nearly 70 years of educational excellence
- Top academic performance in Taiwan's CAP (Comprehensive Assessment Program)
- Strong reputation in science, math, English, and innovation competitions
- Complete K-12 bilingual education system (Kindergarten-Senior High)
- CLIL-based bilingual program with foreign teacher collaboration
- Active STEAM, Robotics, and AI learning programs

Bilingual Program

Our CLIL-based curriculum integrates English with science, arts, technology, and everyday learning experiences.

Foreign teachers and bilingual educators co-teach to support immersive language development.

Future Development

In 2027, Fuhwa will launch its Bilingual Junior High and Senior High programs, and we hope to collaborate with international partner schools in developing joint programs, practicum opportunities, and cultural exchanges.

Areas of Collaboration

✓ Practicum & Student Teaching

Opportunities for classroom observation, micro-teaching, and supervised teaching practice in real ESL/EFL settings.

✓ Joint Online / Offline Classes

Collaborative lessons that connect students across countries through bilingual, CLIL, and project-based learning.

✓ School Visits & Exchange Programs

Mutual visits for cultural exchange, academic sharing, and deeper long-term partnership development.

We welcome partnerships with global universities and K-12 schools for practicum exchange, cultural learning, and teacher-training collaboration.
